

### **Where can I find further general details on the scheme?**

The Government's Eat Out to Help Out scheme is designed to support the hospitality industry following the Covid-19 pandemic. Diners who eat out at participating venues will benefit from a 50% discount, up to a maximum of £10 per person, on food and non-alcoholic drinks, any Monday to Wednesday in August. Find out more about the scheme at:

### **Will I still get my member discount on drink products?**

Yes, in order to comply with the HMRC guidelines we have reduced our prices by 15% across our drinks range.

### **I am coming as part of a larger group, will we be able to split the tab?**

Unfortunately, No. Due to the compliance required by HMRC, and how the member card payments are processed, we will be unable to split bills at the till.

### **I do not want to book a table; will I still be able to eat at the Club?**

We are strongly recommending that members book a table as it is a fantastic offer! Please be aware that if you do not book a table you may not be able to sit and eat and will be limited to takeaway options only.

### **Will the waiting times be longer for food orders?**

Every step is being taken to ensure that wait times are as short as possible including additional staff and staggered seating times. However, members are politely reminded that wait times might be slightly longer at peak times. Your server will ensure you are notified of any potential delays at the point of order.
